Meeting Commenced 7:15pm

The purpose of tonight's meeting was to discuss and prepare for our display at the Children's Opportunity Fair on April 9<sup>th</sup>. Members assembled display materials and set up some sample displays. Jane Callahan presented posters made by the nursing students containing statistics and information related to health issues to be displayed at the fair. Katie Morrison advised us that Wal-Mart donated some bike helmets and safety gear to be raffled off at the fair. Laura bought loli-pops and made labels with our web site address on it to give away at the fair also. It was discussed that we would raffle off the "prizes" via color coded loli-pops in order to make it fair and unbiased. The Nursing Students also have a Golds Gym gift certificate to be raffled and Franco will be making up some water bottles with the Sidewalk Committee "logo" to be raffled also. Sandra is to make a poster with Sidewalk Committee info for display. Laura will attempt to get extra warrants from town hall to pass out to people. It was discussed that members attending the fair would meet at about 5:50 to get set up at the Ryan School.

Franco suggested we contact some local newspapers to see if they would be interested in attending our next meeting. Sandra will contact newspapers. It was discussed that we would re-schedule our next meeting from April 15<sup>th</sup> to April 22<sup>nd</sup>.

Meeting adjourned at 8:20pm
